====== RESTART: D:\ST 19-8\Stephens\CS\python\Practical 9.py ========= PRACTICAL 9;

Sum of first n ODD/EVEN Numbers

Enter the number of test cases 3

TEST CASE 1

Enter the number

10

Sum of first 10 odd numbers 100 Sum of first 10 even numbers 110

TEST CASE 2

Enter the number

11

Sum of first 11 odd numbers 121 Sum of first 11 even numbers 132

TEST CASE 3

Enter the number

30

Sum of first 30 odd numbers 900 Sum of first 30 even numbers 930
